To Whom it may concern,

I have spoken and worked with Dave Scott at "Slabworks of Montana" for 10 plus years. He is one of our Elite customer for Braxton Bragg as well as friend to me. He prides himself on his continuous learning endeavors of new technology and products to offer his Tradecraft and Customers. I have been able to consult Dave on several questions about the industry and the intricacies of stone fabrication and installation. I would recommend him to become MIA Accredited.

Ken Brock,
Senior Sales Associate for
