MIA Accreditation Staff,

We have been working with Slabworks of Montana for over 15 years. They have installed stone counter tops in many of the homes that we have built for our clients in and around Bozeman, Montana. Slabworks now is in the process of completing a commercial job for us in Helena, Montana.

We are very pleased with their workmanship, service and punctuality. The care that they show in their work, towards their people and their respect for the other's property is refreshing.

I do not hesitate to recommend them and I believe that they will be an asset to the Marble Institute of America as an accredited fabricator.

Please feel free to contact me with any questions that you may have.

A handwritten signature in black ink, appearing to read 'Scott Johnson', with a long horizontal flourish extending to the right.
